Building new generation brands

Noem ons gerust maar de nuchtere jongens. We houden niet van te veel gedoe en zeker niet van te veel bullshit. Dit kan je ook zien in onze communicatie. Rechtlijnige boodschappen, zonder veel doekjes erond. Want in de rest geloven we niet.

Natuurhuis

De nieuwe winkel kreeg meteen een mooie start. Ook de sociale mediakanalen kregen een boost door de actieve aanwezigheid en leuke content.

CACHING

Note: Drupal provides an internal page cache module that is recommended for small to medium-sized websites.

Page cache maximum age
no caching ▾

The maximum time a page can be cached by browsers and proxies. This is used as the value for max-age in Cache-Control headers.

BANDWIDTH OPTIMIZATION

External resources can be optimized automatically, which can reduce both the size and number of requests made to your website.

The screenshot shows a browser window with multiple tabs open, including 'Your Repositories', 'wordpress skills plugin v.', 'skill bars drupal - Google', 'Skillset Inview | Drupal.org', and 'Extend | Drupal Research'. The main content area is the 'Extend' tab of the 'drupalresearch.dev/admin/modules' page. The page lists several modules:

- Configuration Translation**: Provides a translation interface for configuration.
- Content Translation**: Allows users to translate content entities.
- Interface Translation**: Translates the built-in user interface.
- Language**: Allows users to configure languages and apply them to content.

A section titled 'OTHER' is expanded, showing:

- Skillset Inview**: Provides a block to show off your Skills! For portfolio sites/pages. This module is checked.

A section titled 'WEB SERVICES' is expanded, showing:

- HAL**: Serializes entities using Hypertext Application Language.
- HTTP Basic Authentication**: Provides the HTTP Basic authentication provider.
- RESTful Web Services**: Exposes entities and other resources as RESTful web API.
- Serialization**: Provides a service for (de)serializing data to/from formats such as JSON and XML.

At the bottom left, there is a blue 'Install' button. Below the browser window, the Windows taskbar is visible, showing various pinned icons like File Explorer, Google Chrome, Spotify, and Microsoft Office applications.
